Workflow Status Macro

Prompt

Displays a toolbar for viewing the page status and accessing workflow tasks.

Definition

This macro replicates the Workflow Status toolbar found near the page title. This can be useful if you do not want to reveal the page metadata as part of your [page layout](#).

In addition to showing either "Draft" or "Published" status, the Workflow Status Macro can be clicked to access a set of workflow tasks, including:

- applying a workflow
- viewing a workflow
- approving or rejecting a step in the workflow
- removing a workflow (and publishing the page)
