THEME PRESS

Page Canvas

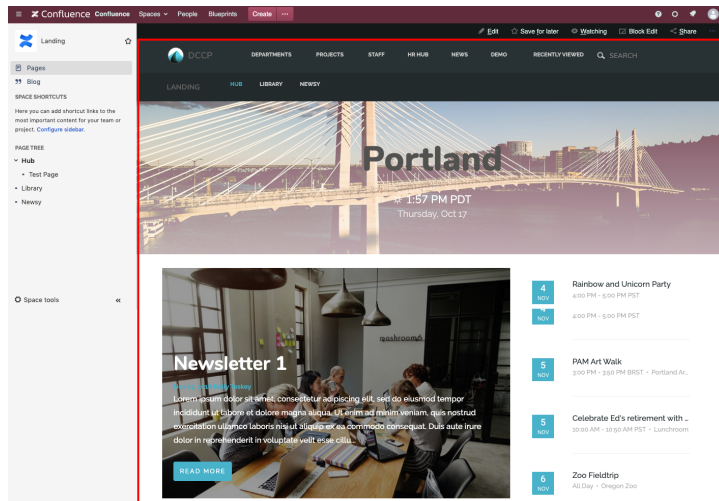

Prompt

Main content and design area of a page.

Definition

The page canvas is the main area of the page that holds content and design elements configurable in a [theme](#).

In the context of a fully rendered and themed Confluence page, the page canvas refers to everything that is to the right of the [Confluence Sidebar](#) and below the [Confluence Page Tools Menu](#).

The **Page Canvas** is made up of the following areas:

- Header layer
- Title layer
- Content layers
- Likes and Labels layer
- Comments layer
- Footer layer
