Reference

Parameter	Description	Expected Input	Example Value(s)

Title of Parent Page	Defines the parent page whose children you would like to display.	Page title (in Confluence markup)	`Product Releases`
			
			`hr:Onboarding Resources`

Show Parent	Toggles the visibility/inclusion of the parent page in the list.	Check mark	
Children Depth	Defines the number of levels in the page hierarchy to show in the list.	Positive integer	`3`

Include Pages	Page labels that define which pages to display.
	
	Qualifying child pages will only display if their parent pages also have the same label(s).
		Labels; comma- or space-separated if more than one	`employee_resources, onboarding`
			
			`employee_resources onboarding`

Expandable	Toggles the visibility of the expand/collapse icon next to items in the list. If selected, be sure to enter a value of 2 or greater in the **Children Depth** field.	Check mark	
Display Rich Links	Toggles the use social media-like rich links instead of simple text links. Only supports one level of children.	Check mark	
Use Full Size Images	Toggles the use of thumbnail images in rich links. Enable to always display full-sized images, which may impact performance. Has no effect unless Rich Links display is selected.	Check mark	
Hide Rich Links Site Icon	Toggles the appearance of the small site or space icon in rich links.	Check mark	
Hide Rich Links Site Name	Toggles the appearance of the space name in rich links.	Check mark
