Menus

Prompt

Theme Press allows you to create many different types of menus without any custom code.

Definition

In Theme Press, there are 5 kinds of menus:

1. The [basic top-level menu](#)
2. The [dropdown menu](#)
3. The [panel menu](#)
4. The [fluid menu](#)
5. The [secondary menu](#)

All menus, with the exception of the secondary menu, are created and maintained in the [Theme Press Default Space](#).
