Non-Workflow Participant

Prompt

Any user who can view the page but is not a [workflow participant](#).

Definition

A non-workflow participant refers to any user who has view permissions for a page but not edit permissions *and* is not a [reviewer](#) in that page's [workflow](#). This means that non-workflow participants are not able to view a page in a [draft state](#) (that is, a page undergoing a [publishing workflow](#)). Non-workflow participants will only be able to view the [published version](#) of the page, if one exists.

By contrast, any [workflow participant](#) may make edits to the page, though only reviewers may [approve](#) or [return](#) the [workflow steps](#).
