Relates To

THEME PRESS

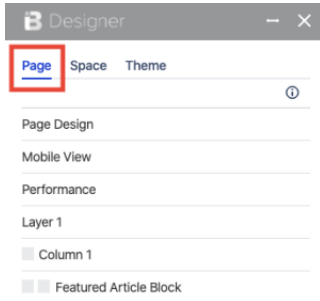

Page Tab

Prompt

The first set of options in the [Theme Press Designer](#), controlling page design and performance.

Definition

When you open the [Theme Press Designer](#), the first tab you will see (assuming you have edit permissions) is the Page Tab.

This tab's settings offers page-level controls for:

- Setting the [Page Design](#) (underlying [Layout](#))
- Performance options
- Creating a [Mobile View](#)
- Managing content through [Layers](#), [Columns](#), and [Blocks](#)
- Restricting access to this tab
