Featured Improvements

Featured Improvements

New Navigator replaces the Page Tree macro and Handbook Layout

The new sidebar [navigator](#) delivers a highly performant page tree to better integrate with pages. The [navigator is added using page designs](#) and [can be styled with your custom theme](#).

All new Page Designs

[Five new page designs](#) cover more uses, make it easier to know which one is appropriate for your page, and integrate the [new navigator](#).

Updated demo spaces

The Splash and Vanilla demos spaces have been completely revamped to better demonstrate what Theme Press can do and how to use it. Both feature the [new navigator](#).

Compatibility with K15t Software's Scroll Apps

Scroll Versions and Scroll Translations now work seamlessly with Theme Press. [Learn how to configure Scroll Apps to do this](#).

Many new design and configuration options and improvements
