

Accessing the Confluence Menus in a Theme Press space

Requires

THEME PRESS

Accessing the Confluence Menus in a Theme Press space

Prompt

Use a hotkey or menu click to open Confluence's sidebar and global menus.

Outcome

Use the steps below to toggle the [Confluence Sidebar](#), [Confluence Page Tools Menu](#), and [Confluence Header](#) areas.

Steps

Use the "Shift" and "Z" hotkeys.

Click shift and z together to toggle open and closed these Confluence menus. (In Theme Press 3.0 and earlier, use only the "z" hotkey). Learn about [other Theme Press shortcuts](#).

Click the [Simple Toolbar](#) and select "Advanced Menu".
