Featured Improvements

Rich link table display

Rich links can display in a column/row format with optional column headers.

Rich link image optimization

Rich link images now download reduced-size thumbnails by default instead of full images. Learn how to [use full size rich link images instead of thumbnails](#).

Navigator display-on-hover

New option for [displaying the page navigator](#) also allows pinning the navigator open.

Brikit Targeted Search filters in rich links

Rich links can display filters (labels) selected from one or more filter groups.

Brikit Content Flow document identifiers

[Document identifiers](#) are for displaying and sorting titles on page headings, rich links, macros, and navigator entries.

Brikit Default Theme

Brikit Default Theme ships with Theme Press. Learn about [configuring a space to use the Brikit Default Theme](#).

Improved logging

Reduced noise and improved error logging.
